

The Cat/Dog Hate Song

(music by Christopher Winslow; from **OMFG!!!**, 2011)

HE: Comely and cuddly and soft as a bunny
self-cleaning love-lump, perplexing and funny
fashionable objet in garden or sill
it takes quite a man to be slave to her will

SHE: Scary and hairy and ever uncertain
plotting whatnot-ing to bring down your curtains
stealing your thoughts like a gypsy on drugs
calculating all the ways to draw blood

When they scratch me, or attach me
when they urinate
it doesn't take genius to imagine
why it is cats I hate

We hateses the catses, don't we Rump-Rumps—on the other hand ...

Faithful and friendly and there when I need him
frisky and furry and eats what I feed him
always a pillow when I'm feeling low
what would life be without my sweet Fido?

HE: Well ...!

Stinky and slimy and vapid and vicious
sneaky and leaky, they're lewd and pernicious
simpering sluts with a bottomless gut
it's geeks and control freaks who'd marry a mutt

When they yip yip, when they nip nip
when they defecate
does not take a mensa to recogitate
why it is dogs I hate
